

TRICHO CARE

EDUCATION

Level 4 Certificate in Trichology

Course summary: This course is designed to equip the hair professional with the ability through knowledge and experience to help clients with a variety of hair and scalp disorders increase their professional effectiveness and elevate the status of the hair care profession.

Qualification: On successful completion, the candidate is awarded a Level 4 Certificate in Trichology for Hairdressers. This certificate is fully accredited by ITEC and will provide the successful candidate the opportunity to become a registered Trichologist.

Course duration: One academic year. Intake is at any time during the year. However, the Lectures 1&2 are usually set for the start of the year, after Easter and September.

Hours dedicated to study: Students will attend lectures and perform clinically assessed practice. Alongside this, students are encouraged to devote time to private study, whilst producing assignments at each stage.

Course content: The course is divided into 6 Units. These are:

1. Concepts of Science in Trichology
2. Anatomy and Physiology for Trichologists
3. The Role of Nutrition in Trichology
4. Provide a Trichology Service
5. Controlling Risk in Trichology Practice

6. Chemistry of hair and beauty products

Mode of delivery – This blended learning programme combines distance learning modules with lectures and face-to-face clinical assessment sessions with an emphasis on independent learning.

Assessment: At each stage, students will produce written assignments. These can be submitted online and viewed by the assessment team. Full support, guidance and feedback will be provided on all work produced. As the course progresses, the student will compile an e-portfolio including items e.g. written assignments.

Clinical assessment: Each student will also be required to complete the requisite number of clinical hours and ultimately perform a viva voce examination.

Resources: All course notes and guidance information are supplied on registration.

Accreditation: This course is accredited through ITEC as a Level 4 Certificate.

Team: The course team is made up of highly qualified and experienced trichology and educational specialists.

Cost: The Certificate in Trichology: £4,265 inc. VAT and should be completed within 12 months.

Progression: On completion of the Certificate, students will be registered with TrichoCare as a practising Trichologist. They will also have access to a range of continuous professional development (CPD) courses through TrichoCare. There are set in place strict codes of ethics and of practice that a registered will abide by when registered with TrichoCare.

Membership: Qualified Level IV Trichologists will be eligible to join the Association of Registered Trichologists (theart.org.uk)
